SUMMARY

BS Information Technology graduate from San Beda University (2025) with hands-on experience in data analytics, mobile app development, and network design. Skilled in transforming large datasets using Alteryx, developing end-to-end Flutter applications, and configuring Cisco-based networks. Known for adaptability in corporate settings, a collaborative mindset, and strong problem-solving skills.

TECHNICAL SKILLS

- Programming & Frameworks: Java (OOP), Flutter (Dart), CodeIgniter (PHP)
- Data & Analytics: Alteryx Designer, MySQL, Microsoft Excel
- Networking: Cisco Packet Tracer (LAN/WAN setup, VLANs, ACLs)
- Tools: Git, Visual Paradigm, Canva

SOFT SKILLS & LANGUAGES:

- Time management and critical thinking
- Team collaboration and conflict resolution
- Languages: Filipino, English

WORK EXPERIENCE/ KEY PROJECT

EY GDS – Assurance, Data Analytics Intern Jan – Apr 2025

- Prepared and transformed audit datasets in Alteryx, accelerating analyst turnaround.
- Applied foundational accounting concepts to ensure data integrity for assurance work.
- Developed professional workplace habits and strengthened cross-team communication.

Capstone: Mobile Recommending System for Indoor House Repairs Maintenance 2024 – 2025

- Built a Flutter app that matches Manila homeowners with vetted service providers.
- Implemented recommendation logic, Firebase backend, and responsive UI prototypes.

Network Design Labs (Cisco Packet Tracer) 2023

- Engineered multi-site LAN/WAN topologies; configured devices with production-like settings.

EDUCATION

San Beda University – Manila BS Information Technology, 2025

- Relevant coursework: Data Analysis, Database Management, Mobile Dev.

San Beda University – Manila Senior High School (ABM Strand) 2017 – 2019

- Focus: Accountancy, Business & Management
- Emphasis on interpersonal management, collaboration, and conflict resolution
